

Tallawang Public Notification Procedure

Tallawang Magnetite Mine Pollution Incident Response Management Plan

PURPOSE

This procedure focuses on the notification process to external stakeholders, in the event of a pollution incident as a result of operations at Tallawang Magnetite Mine. External stakeholders include neighbouring industrial, residential or community premises and relevant authorities. This procedure forms part of site-specific Pollution Incident Response Management Plans and has been developed to meet compliance obligations under the Protection of the Environment Operations Act 1997.

SCOPE

This procedure applies to Tallawang Magnetite Mine site.

REFERENCES

DEFINITIONS

- ✓ **Immediate notification:** *promptly and without delay, after the person becomes aware of the incident; as soon as it is safe to do so; and not as to delay immediate actions to ensure the safety of people or contain a pollution incident.*

Tallawang Public Notification Procedure

Tallawang Magnetite Mine Pollution Incident Response Management Plan

PROCEDURE

1.1 Notify incident internally

All personnel shall immediately notify their Supervisor of all pollution incidents that occur on Tallawang Magnetite Mine premises, or as a result of activities carried out by Sibelco personnel or contractors.

The Supervisor shall immediately notify the Operations Manager of the pollution incident.

1.2 Contact initial combat agency

The Operations Manager shall call '000' if the incident presents an immediate threat to human health or property, with the purpose of coordinating a response from Fire and Rescue NSW, the NSW Police or the NSW Ambulance Service, as required.

1.3 Notify neighbouring premises of immediate threat

The Operations Manager shall provide early warnings to neighbouring premises by notifying them of any immediate threat to human health or property. Neighbouring premises shall be notified with reference to the site plan and Stakeholder Contact List in the Tallawang Magnetite Mine Pollution Incident Response Management Plan.

1.4 Assess material harm to the environment

The Operations Manager shall immediately after being notified of the pollution incident, consult with the Environmental Advisor to assess whether the pollution incident has caused or threatens material harm to the environment.

In the event that the Environmental Advisor cannot be contacted, the Operations Manager shall consult with the relevant Environment or Health & Safety Manager.

If it is assessed that the pollution incident has caused or threatens material harm to the environment, the Operations Manager shall immediately notify the Regional Manager and the relevant Environment or Health & Safety Manager.

If it is assessed that the pollution incident has not caused or does not threaten material harm to the environment, the Operations Manager shall follow internal incident reporting procedures.

1.5 Notify authorities

The Regional Manager shall, in consultation with the relevant Environment or Health & Safety Manager, immediately verbally notify all of the authorities in the table below, in order of priority. Authorities must be notified at this step regardless of whether they have been contacted earlier in the process (e.g. step 1.2).

The information to be provided to each Authority is detailed in the Pollution Incident Notification Form. All information listed in the Pollution Incident Notification Form must be communicated to each Authority. If information required in the Pollution Incident Notification Form is unknown at the time of the notification, it must be notified to the Authority immediately after it becomes known.

Details of each notification shall be recorded in the Pollution Incident Notification Form.

Tallawang Public Notification Procedure

Tallawang Magnetite Mine Pollution Incident Response Management Plan

| Priority | Authority | Contact number |
|----------|---|---------------------------------|
| 1 | Environment Protection Authority | 131 555 or (02) 9995 5555 |
| 2 | Ministry of Health via Dubbo Public Health Unit | 02 6841 5569 |
| 3 | Work Cover Authority | 13 10 50 |
| 4 | Mid Western Regional Council | 1300 765 002 or 02 6378 2850 |
| 5 | Fire and Rescue NSW | 1300 729 579 |

1.6 Notify neighbouring premises

The Operations Manager shall notify the owners or occupiers of premises in the vicinity of the site who may be affected by the pollution incident. The Pollution Incident Notification Form may be used to guide the information to be included in the notification.

The neighbouring premises and their contact details are detailed in the site plan and Stakeholder Contact List in the Tallawang Magnetite Mine Pollution Incident Response Management Plan.

1.7 Update neighbouring premises

The Operations Manager shall update the owners or occupiers of premises in the vicinity of the site who may be affected by the pollution incident, as required. Updates may include the following:

- status of the incident response;
- status of the dispersion of the pollutant; and
- Recommended actions to minimise the risk of harm as a result of the pollution incident.

The neighbouring premises and their contact details are detailed in the site plan and Stakeholder Contact List in the [Tallawang Magnetite Mine] Pollution Incident Response Management Plan.

1.8 Notify authorities in writing

The Operations Manager shall ensure that each Authority is notified in writing within seven days of the incident occurring. The information listed in the Pollution Incident Notification Form must be communicated to each Authority.
